ARTICLE 1 - PREAMBLE

Section 1.1

This agreement is entered into by and between the City of Mount Vernon, hereinafter referred to as the "City" and Local 1983, International Association of Firefighters, hereinafter referred to as the "Union". It contains the entire agreement between the parties governing wages, hours and working conditions for the Battalion Chief's collective bargaining unit, which has been reached as the result of the collective bargaining in accordance with RCW 41.56, and shall be in effect for the period stated herein.

Section 1.2

This agreement covers only Battalion Chiefs and Fire Prevention Battalion Chiefs. Though the Firefighters, Firefighters/Paramedics, and Company Officers are represented by the Union they are covered by their own collective bargaining agreement with the City.

Section 1.3

The City and the Union agree that this collective bargaining agreement is based on the current services the City of Mount Vernon Fire Department provides to the citizens of the City of Mount Vernon and greater Skagit County Fire District (through contract agreements between the City and Skagit County) and other neighboring agencies.

ARTICLE 2 – RECOGNITION OF BARGAINING UNIT

Section 2.1

The City recognizes the Union as the exclusive collective bargaining representative for regular full-time Battalion Chiefs and Fire Prevention Chiefs. Excluded: Fire Chief, Assistant Fire Chiefs, Fire Department Administrative Assistant, Department Secretary, Civilian Fire Prevention Specialist, and Civilian Deputy Fire Marshal. The City also recognizes the Union as the exclusive collective bargaining representative for regular full-time firefighting personnel, however they are a separate bargaining group covered under a separate collective bargaining agreement.

Section 2.2

When the Union and the Employer cannot mutually agree if a classification or position should be included within this bargaining unit, either party may request a unit clarification from the Public Employment Relations Commission.

ARTICLE 3 - UNION SECURITY

Section 3.1

All employees covered by this agreement shall decide within thirty-one (31) days after employment by the City, or thirty-one (31) days after the signing of this agreement, whichever is first, if they will become members of the Union, and shall thereafter tender dues and initiation fees uniformly required as a condition of membership.

Section 3.2

Any employee excluding himself/herself as a member with the Union may tender a service charge to the Union equal to the amount required for the administration of this document, upon the employee's affirmative consent to pay.

Section 3.3

Any employee who subsequently requests Union membership or re-instatement with the Union, shall be required to pay all reinstatement fees according to the schedule determined by the Union executive board according to Local 1983 bylaws. The City will forward all reinstatement fees through payroll deduction if requested by the employee as detailed in Section 5.1.

Section 3.4

The City will forward to the Union within five (5) working days from the date the offer is made, a copy of any conditional offer of employment made by the City to any prospective Battalion Chief. This copy shall include all stated terms of employment and salary quoted. The Union shall then have five (5) working days after receipt of the conditional offer of employment to verify the employment terms and salary rates quoted and will notify the City within this five (5) day period of any stated terms that are at variance with the terms of employment set forth in this contract.

ARTICLE 4 - NON-DISCRIMINATION

Section 4.1

There shall be no discrimination against any employee with respect to compensation, terms or conditions of employment, because of race, color, religion, national origin, marital status, sexual orientation, or age (except where age or sexual orientation is a bona fide occupational qualification), physical disability, Union membership, or other protected class status as defined by State or Federal law. Any violation shall be construed as a breach of the agreement. Allegations of discrimination may be pursued through the contractual grievance process or court action. Filing in one forum is a waiver of the other.

ARTICLE 5 - PAYROLL DEDUCTIONS

Section 5.1

The City agrees to deduct semi-monthly dues, fees, and assessments from the pay of any employee represented by the Union who authorizes such in writing and shall remain in full force in an amount certified to be current by the Treasurer of the Union. Authorization for such deductions shall be in writing and shall remain in full force and effect during the term of this agreement. The total amount of deductions shall be remitted each month by the City to the Treasurer of the Union.

ARTICLE 6 - UNION ACTIVITIES

Section 6.1

The City agrees that during working hours, on the City's premises (or within City boundaries), and without loss of pay, Union officials and elected representatives shall be allowed reasonable time to attend negotiating sessions with the City and to transmit communications as authorized by the Union to the City and other Union members. The City also agrees that during working hours and without loss of pay, Union members will be allowed reasonable time to attend Union meetings. Station response zone coverage by on-duty personnel shall be maintained during such activities.

Section 6.2

The City agrees to allow time off with pay for employees who are elected Union representatives and who are conducting business vital to the Union members, provided prior notification to the Fire Chief, or if designated the Assistant Fire Chief, has been given and proper relief is available at no additional cost to the City (such as overtime). This will apply when a Union representative has the opportunity to attend any IAFF or WSCFF event. No more than 48 hours per calendar year will be allotted to the BC bargaining unit to be used as time off with pay; any BC bargaining unit member may be allowed to utilize the time off if an elected Union representative is unable to attend the function. Additionally, the City agrees to comply with RCW 41.56.220.

Subsection 6.2.1

Prior notification shall consist of:

- A. Notification to the Fire Chief, or if designated the Assistant Fire Chief, as to who will be attending and the dates they will be attending the event prior to Kelly day picks and as soon as possible prior to the event when a change or addition is made. Normal Union notification will be made using current department staffing software and will be made annually when operations personnel begin setting the shift assignments for the following year.

Section 6.3

For the purpose of Sections 6.1 and 6.2, the Union agrees to forward to the Fire Chief, or if designated the Assistant Fire Chief, a list of the elected Union representatives and their terms annually.

ARTICLE 7 - MANAGEMENT RIGHTS

Any and all rights concerned with the management and operation of the Fire Department are exclusively that of the City unless otherwise provided by the terms of this agreement.

Section 7.2

The City has the authority to adopt rules and regulations for the operation of the Fire Department and conduct of its employees, provided such rules and regulations are not in conflict with the provisions of this agreement, Civil Service Rules, or applicable laws. The City recognizes the requirement to bargain any change to a mandatory subject of bargaining.

Section 7.3

The City has the right to discipline, temporarily lay off or discharge employees; assign work; evaluate personnel performance and determine duties of employees; schedule hours of work; determine the number of personnel to be assigned duty at any given time and perform all other functions not otherwise expressly limited by this Agreement, the provisions of Civil Service Rules, Fire Department Rules and Regulations, or applicable law.

Section 7.4

The Local recognizes that the Fire Department Management group shall consist of the Fire Chief and Assistant Chief and it will be the responsibility of the Fire Department Management Group to maintain effective operation of the Fire Department as identified in this article. It is further recognized that the City's Fire Command group works closely together and that this results in frequent exchange and sharing of tasks between Chief, Assistant Chief, and others in the Fire Department Command Group. The Fire Department Command Group shall consist of the Fire Chief, Assistant Chiefs, Battalion Chiefs, Company Officers and any other identified by the Fire Department Management Group. It is further recognized that the sharing of tasks and responsibilities is beneficial and that the City Fire Department Command Group will continue to operate in this manner. Those positions within the Fire Department Command Group that are not identified as Fire Department Management Group are precluded from the hiring and discharge of employees, and will not represent the City in the collective bargaining process. Any employee represented by the Union shall not represent the City in the collective bargaining process. The Battalion Chiefs may make effective recommendations relating to discipline in accordance with the terms of this contract.

ARTICLE 10 – WAGES, LONGEVITY AND EDUCATION INCENTIVE

Section 10.1

The wage, longevity, and education incentive schedules for employees covered by this Agreement are contained in Appendices A, B, and C, which are hereby incorporated by reference into this agreement.

ARTICLE 11 - DRUG AND ALCOHOL TESTING POLICY AND PROCEDURES

The procedures outlined in this document for drug and alcohol testing shall be part of the current labor agreement between the City and the Union, and be covered by all applicable articles within that Agreement.

Section 11.1

The procedures outlined in this document for drug and alcohol testing shall be part of the current labor agreement between the City and the Union, and be covered by all applicable articles within that Agreement.

Section 11.2

Policy: The City and the Union recognize that drug use by employees would be a threat to the public welfare and the safety of department personnel. It is the goal of this policy to eliminate or absolve illegal drug usage through education and rehabilitation of the affected personnel. The use of alcoholic beverages or unauthorized drugs shall not be permitted at the City's work sites and/or while an employee is on duty.

Section 11.3

Informing Employees about Drug and Alcohol Testing: All employees shall be fully informed of the City's drug and alcohol testing policy. Employees will be provided with information concerning the impact of the use of alcohol and drugs on job performance. In addition, the City shall inform the employees on how the tests are conducted, what the test can determine and the consequence of testing positive for drug use. All newly hired employees will be provided with this information on their initial date of hire. No employee shall be tested before this information is provided to him. Employees who voluntarily come forward and ask for assistance to deal with the drug or alcohol problem shall not be disciplined by the City. No disciplinary action will be taken against an employee unless he/she refuses the opportunity for rehabilitation, fails to complete a rehabilitation program successfully, or again test positive for drugs within the time allowances referenced in section 14 of this Article.

Section 11.4

Employee Testing: Employees shall not be subjected to random medical testing involving urine or blood analysis or other similar or related tests for the purpose of discovering possible drug or alcohol abuse. If, however, objective evidence exists establishing probable cause to believe an employee's work performance is impaired due to drug or alcohol abuse, the City will require the employee to undergo a medical test consistent with the conditions set forth in this Article.

An employee required to undergo such a test shall first be presented with the objective evidence establishing probable cause. The City will make every effort during both the investigative process and the testing process to maintain complete confidentiality.

Any employee may present objective evidence to either their supervisor or directly to the Chief. Objective evidence shall be considered to be presenting signs and symptoms of drug and/or alcohol abuse as listed within the Washington Cities Insurance Program's educational training on drug and alcohol abuse.

Employees can also be subject to medical testing after an accident under the following circumstances (See City Handbook – Appendix A – Drug Free Workplace Policy):

Employees in a non-safety-sensitive position, will only be required to submit to alcohol and drug testing if the accident results in a fatality; bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or property damage of \$50,000 or greater.

Section 11.5

Employee Training: All supervisory employees will receive training in the form of the Washington Cities Insurance Programs educational training on drug and alcohol abuse. All employees shall receive training in the recognition of the signs and symptoms of drug and alcohol abuse. The City will bear all costs of the aforementioned training.

Section 11.6

Sample Collection: The Collection and testing of the samples shall be performed only by a laboratory and by a physician or health care professional qualified and authorized to administer and determine the meaning of any test results. The laboratory performing the test shall be one that is certified by the Substance Abuse and Mental Health Services Administration (SAMHSA). The laboratory chosen must be agreed to between the Union and the City. The laboratory used shall also be one whose procedures are periodically tested by SAMHSA where they analyze unknown samples sent to an independent party. The results of employee tests shall be made available to the Medical Review Physician.

Collection of blood or urine samples shall be conducted in manner which provides the highest degree of security for the sample and freedom from adulteration. Recognized strict chain of custody procedures must be followed for all samples as set by SAMHSA. The Union and the City agree that security of the biological urine and blood samples is absolutely necessary. Therefore, the City agrees that, if the security of the sample is compromised in any way, any positive test shall be invalid and may not be used for any purpose.

Blood or urine samples will be submitted as per SAMHSA Standards. Employees have the right for Union and/or legal counsel representatives to be present during the submission of the sample. Employees shall not be witnessed while submitting a urine specimen. Prior to submitting a urine or blood sample, the Employee will be required to sign a consent and release form (as set forth in appendix E of this agreement).

A split sample shall be reserved in all cases for an independent analysis in the event of a positive test result. All samples must be stored in a scientific acceptable preserved manner as established by SAMHSA. All positive confirmed samples and related paperwork must be retained by the laboratory for at least six (6) months or for the duration of any grievance disciplinary action or legal proceedings, whichever is longer. At the conclusion of this period, the paperwork and specimen shall be destroyed. Tests shall be conducted in a manner to ensure that an employee's legal drug use and diet does not affect the test results.

Section 11.7

Drug Testing: The laboratory shall test for only the substances and within the limits as follows for the initial and confirmation test as provided within SAMHSA standards. The initial test shall use an immunoassay which meets the requirements of the Food and Drug Administration for commercial distribution. Please refer to the United States Department of Transportation Code (40.87) for the cut-off limitations for drug tests. The limits can be found at http://www.dot.gov/odapc/part40/40_87

If confirmatory testing results are negative, all samples shall be destroyed and records of the testing expunged from the employee's file.

Section 11.8

Alcohol testing: A breathalyzer or similar equipment shall be used to screen for alcohol use and if positive, shall be confirmed by a blood alcohol test performed by a qualified laboratory. This screening test shall be performed by an individual qualified through the State Police Academy utilizing equipment certified by the State Police. An initial positive alcohol level shall be .04 grams per 210 L. of breath. If initial testing results are negative, testing shall be discontinued, all samples destroyed and records of testing expunged from the employee's file. Only specimens identified as positive on the initial test shall be confirmed using a blood alcohol level. Sampling handling procedures, as detailed in Section 5 shall apply. A positive blood alcohol level shall be .04 grams per 100 ml. of blood. If confirmatory testing results are negative, all samples shall be destroyed and records of the testing expunged from the employee's file. Alcohol testing will be performed per the employee handbook, Appendix A: Drug Free Work Place Policy

Section 11.9

Medical Review Physician: The Medical Review Physician shall be chosen and agreed upon between the Union and the City and must be a licensed physician with a knowledge of substance abuse disorders. The Medical Review Physician shall be familiar with the characteristics of test (sensitivity, specificity, and predictive value), the laboratories running the tests and the medical conditions and work exposures of the employees.

The role of the Medical Review Physician will be to review and interpret the positive test results. He must examine alternate medical explanations for any positive test results. This action shall include conducting a medical interview with the affected employee, review of the employee's medical history and review of any other relevant biomedical factors. The Medical Review Physician must review all medical records made available by the tested employee when a confirmed positive test could have resulted from legally prescribed medication.

Section 11.10

Laboratory Results: The laboratory will advise only the employee and the Medical Review Physician of any positive results. The results of a positive drug or alcohol test can only be released to the City by the Medical Review Physician once he/she has completed his/her review and analysis of the laboratory's test. The City will be required to keep the results confidential and it shall not be released to the general public.

Section 11.11

Testing Program Costs: The City shall pay for all costs involving drug and alcohol testing as well as the expenses involved for the Medical Review Physician. The City shall also reimburse each employee for their time and expenses including travel for the testing procedure only.

Section 11.12

Rehabilitation Program: Any employee who tests positive for illegal drugs or alcohol shall be medically evaluated, counseled and treated for rehabilitation as recommended by the E.A.P. counselor. Employees who complete a rehabilitation program may be re-tested randomly once every quarter for the following twenty-four (24) months. An employee may voluntarily enter rehabilitation without a requirement of prior testing. Employees shall not be subject to re-testing the first time they voluntarily enter a rehabilitation program on their own initiation without having tested positive after a finding of probable cause. Subsequent voluntary rehabilitation admissions shall be treated the same as a positive test result requiring an employee to participate in the testing program below. The treatment and rehabilitation costs shall be paid as per the current City of Mount Vernon insurance program. Any costs over and above the insurance coverage shall be paid for by the employee. Employees will be allowed to use their accrued and earned leave for the necessary time off involved in the rehabilitation program.

If an employee tests positive during the twenty-four (24) month period, the employee will be reevaluated by an E.A.P. counselor to determine if the employee requires additional counseling and/or treatment. The employee will be solely responsible for any costs, not covered by insurance, which arise from this additional counseling or treatment.

Section 11.13

Duty Assignment after Treatment: Once an employee successfully completes rehabilitation, they shall be returned to their regular duty assignment.

Section 11.14

Time Limitations for Information to be kept in Files: Documentation of instances with confirmed positive testing will be placed in both the employee's personnel file and in the employee's medical file. Once treatment and any follow-up care is completed, and three years have passed, the employee's personnel file shall be purged of any reference to his/her drug or alcohol problem. After eight years have passed, the employee's medical file shall be purged of any references to his/her drug or alcohol problem.

Section 11.15

Management's Right of Termination of Employment: The City may, at its option, terminate from employment any employee who tests positive for illegal drugs or alcohol twice or more during any thirty-six (36) month period. The City may also, at its option, terminate from employment any employee who tests positive of illegal drugs or alcohol three or more times during an eight (8) year period. The initial instance where an employee has voluntarily entered a rehabilitation program of his/her own accord, and not as a requirement by the City as a result of positive testing after a finding of probable cause, shall not be counted as a part of either of the above situations and that employee shall not be subject to disciplinary action.

Section 11.16

Right of Appeal: The employee has their right to challenge the results of the drug or alcohol tests and any discipline imposed in the same manner that he/she may grieve any other City action.

Section 11.17

Union Held Harmless: This drug and alcohol testing program was initiated at the request of the City. The City assumes the sole responsibility for the administration of the Policy and shall be solely liable for any legal obligations and costs arising out of the provisions and/or application of this collective bargaining agreement relating to drug and alcohol testing. The Union shall be held harmless for the violation of any worker rights arising from the administration of the drug and alcohol testing program.

Section 11.18

Changes in Testing Procedures: The parties recognize that during the life of this Agreement, there may be improvements in the technology of testing procedures which provide more accurate testing. In that event, the parties will bargain in good faith whether to amend this procedure to include such improvements. If the parties are unable to agree on the amendments, they will be submitted to impasse procedures as outlined in RCW 41.56.

Section 11.19

Conflict with Other Laws: This Article is in no way intended to supersede or waive any constitutional or other rights that the employee may be entitled to under federal, state or local statutes.
